**Subject:** West Lake Landfill, Pre Construction Work Plan for isolation barrier  
**Attachments:** Work Plan Transmittal.pdf

The PRPs have delivered the draft IB workplan as required by our Order. I've forwarded it to USACE and ORD for their review within two weeks. Because it's a very large file, I've placed the workplan on H:, in the Subsurface Oxidation Event folder, subfolder Subsurface Barrier design documents rather than forwarding it as an attachment.

Principles and integrity are expensive, but they are among the very few things worth having.
